PROF. SMITH WILL LEAVE HIGH SCHOOL

Supt. Bryant Declares His Resignation Is Given Not Because of Thursday's Trouble.

KNIGHT BOY NOT TO BE PUNISHED

School Sees Fist Fight In Class Room Late Thursday — Apologies Are Forthcoming.

Rumors that Professor K. K. Smith, instructor of science in the local high school, had resigned his position, were confirmed by Supt. Bryant of the public schools Friday morning.

The resignation, Mr. Bryant declared, comes not as a result of the fist fight between Prof. Smith and William Knight, a student, at the schoolhouse late Thursday afternoon. Mr. Bryant says Mr. Smith accepted a position several weeks ago as assistant in the physical laboratory at Princeton university and decided then not to return to Coshocton next year.

School authorities today will not say what will be done toward punishing William Knight who Thursday afternoon became angered in an argument with Prof. Smith and struck the instructor in the face twice and received a blow on the nose from the professor's fist, before they were separated. The lad and his father Thad Knight, candidate on the democratic ticket for nomination as state representative, and Prof. Smith were closeted with Supt. Bryant Friday morning and it is said that their differences were patched up by apologies. Mr. Bryant intimated Friday morning that no drastic measures would be taken in punishing Knight.

The trouble started, according to student witnesses, in the physical laboratory Thursday afternoon at 3:15 o'clock, when for talking during a study hour Knight and several other boys were given zeroes.

Later Prof. Smith and Albert Harris had an argument which ended, it is claimed in the Harris boy's being shaken by the professor. Students claim when Knight entered the room he took a hand in the proceeding. Who struck the first blow no one seems to know, but Prof. Smith came out of the battle with blood streaming from his nose. Guy Tarney, ex-captain of the football team, attempted to separate the pair and partially succeeded. The battle ended, students declare, when other young men threatened to turn the affair into a riot.

It is claimed that young Knight and Smith have been having trouble recently. Knight claims he was not being given a square deal in Smith's classes and alleges that the professor was trying to "flunk" him in his studies, which led to the enmity between the two.

Prof. Smith will continue as instructor of sciences in the local school until the end of the present year but will not return next fall, Supt. Bryant today announced.

How did you like "The B-Flat Trombone?" Average Jones is a shade better than Sherlock Holmes when it comes to ingenius deductions, isn't he? Tomorrow a new story of his wonderful powers will be started: "The Red Dots," a most startling solution to a baffling poisoning mystery, wherein Average Jones bested the Canned Meat Trust.

Constable Wright May be Arrested

On Trip To Arrest Men On Charge of Overdriving a Horse Constable Is Alleged To Have Committed a Similar Offense.

James Wright, constable, went to Otsego Thursday after a man wanted here on a charge of overdriving a horse. Friday Constable Wright is threatened with being arrested for a similar offense, alleged to have been committed Thursday while he was making the trip to Otsego.

On May 5, three Otsego men got drunk at Blue Row, it is alleged, and started home in a rig. Near Wills Creek they became hilarious, started their horse down a steep hill at a mad rate of speed and cursed and swore at everyone who got in their path. Complaints were made and Humane Officer Vensil filed charges against them.

Thursday Constable Wright was sent, by Squire Abbott, to Otsego to arrest the last man of the trio. Near Wills Creek, the constable's team started to run away. The humane officer says the team ran down a steep hill and at the bottom Wright turned the animals into a wooded plot and both horses were skinned up considerably the harness broken and the rig damaged. Wright, it is claimed, had been drinking.

The matter was reported to Mr. Vensil who said Friday afternoon: "Don't say that charges will be filed against Wright, but simply say that the case is being investigated and the result might be the filing of charges against him for cruelty to animals."

The team and rig are owned by Jay Abbott, a local liveryman.

Thrown Off Train and Hit by Car

Charles Troy, brakeman on a W. & L. E. freight train, was painfully injured when he was thrown from a moving train in the local hill yards Friday morning against a box car standing on a side track. A gash several inches long was cut in his face, his right arm severely wrenched and his body painfully bruised. His injuries are not serious.

Troy's train was switching in the yards. He tried to board the train as it passed him, missed his footing and fell against the other car.

He was picked up and taken to Dr. Pomerene's office where his wounds were dressed.

FIND BOYS DEAD THOUGHT KIDNAPED

Cincinnati, May 17.—Robert Nichols, six, and Urban Nichols, 4, missing for ten days, and believed to have been kidnapped, were found smothered to death in a building occupied by the Streetman Baking Co., a short distance from the Nichols home. They were found by their father who had conducted a search for them for several days. The search has extended over half a dozen states.

It is believed the kidnappers killed the children after becoming convinced that no reward would be offered for their return.

Nephew Ill.

TO STAY IN THE FIGHT TO FINISH

Cleveland, O., May 17.—Reiterating his determination to stay in the fight "to the finish" President Taft resumed his Ohio campaign today greatly encouraged as a result of the enthusiastic reception given his appeal for justice last night by an audience of 5,000.

An entire day's rest had given the president great help and he started out through "the enemys country," as this section of the state is known in administration circles because of its preference for Colonel Roosevelt, the full of hope and openly challenging Roosevelt's repeated declaration that he will capture the republican nomination.

President Taft made it known that he will invade New Jersey next week, no matter what the result in Ohio. He will not quit the race even if his home state rejects him.

Today's itinerary included Lorain, Bellevue, Fremont, Fostoria, Tiffin, Carey, Kenton, Findlay and Bowling Green, concluding tonight at Toledo.

Indianapolis, Ind., May 17.—Fred Odwell, last year's Columbus centerfielder, was today unconditionally released by that club to enable him to accept the position of manager for the Marion, O., team. Odwell left for Marion this morning.

TROLLEY TO START SAYS BREITINGER

President of Proposed Line Through Coshocton Up to His Old Trick Making Promises.

WORK BEGINS IN MAY, HE NOW SAYS

Declares To Zanesville Man in Cleveland That The Line to Coshocton and Zanesville Is Sure Go.

After having hibernated all winter with his rumors of the Coshocton, Zanesville, and Cleveland street car line, J. J. Breitinger, Cleveland promoter of electric railways, is at his old tricks again.

In Cleveland the other day Mr. Breitinger told the Hon. C. N. Gaumer, former Zanesville man, that work on the new road will be started in May.

Breitinger is president of the proposed road and has been handing out promises of this kind for the last three years, when it was first proposed to build the line, and the company organized. But Mr. Breitinger declared now that the building of the road is a dead sure thing, and nothing will stop them.

How far he expects to go with the road this summer Mr. Bretinger neglected to remark. It has been reported previously that the first link in the road would be build first, the link extending from Cleveland to Orville. By previous reports that link would have been completed last fall.

Until Coshocton sees the cars spinning through the city and hears the clang of the bells it is turning deaf ears to all reports, but Breitinger stoutly declares that work is to start on the line in May.

Paris, May 17—Diplomatic relations between Russia and France have been broken off. Premier Kokosoff of Russia has demanded the recall of M. George Louis, French Ambassador to St. Petersburg.

It is likely that France will take similar action in reference to Embassador Sassanoff, the Russian envoy here. The situation is decidedly acute and the relations of the two countries greatly strained.

According to a statement published by the Echo today the crisis was caused by the failure of M. Louis to make sufficiently clear to the French government Russia's proposals regarding meditation in the Turko-Italian war and maintainance of the political entente cordial in the far east.

Efforts are beng made today to have Russia withdraw her demand for M. Louis's recall.

Lock-Tender Wilson's Hand Shoots Through Pane Of Glass

W. H. Wilson, locktender, living between the first and second basins, north of Roscoe, severed the main artery in his right wrist Friday afternoon when his hand crashed through a window pane which he was cleaning. Two physicians were called to dress the wound, which is a very serious one.

Mr. Wilson was washing the window pane when his hand shot through the glass. A long deep gash was cut in his wrist. The artery being severed the wound bled profusely and before physicians had arrived he was weak and faint from loss of blood, but no serious effects are anticipated.

H. B. HAY TAKING SCHOOL ENUMERATION

Houston B. Hay has been employed by the board of education to take an enumeration of all school children in the city for the board of education. He is hard at his labors and expects to have his report ready in a short time. There is wide interest to know what increase there will be indicated in the city's population over the federal census in 1910.

Cory, former head of the United Steel corporation, which is now defending itself against the suit brought by the United States government to dissolve the combine as a violator of the Sherman anti-trust law. FALLS OFF A SCAFFOLD AND HURTS FINGER

Councilman Hefflefinger fell from a scaffold late Thursday afternoon, a distance of six feet, alighting on his head and shoulders. Fortunately the only injury he received was a badly sprained finger of his right hand, which however, almost incapacitates him for work for a few days.

He was working on the new building that George Bock is erecting for shop purposes on Locust street. He stepped on a two-by-four of the scaffolding and it broke. He crashed to the ground but managed to throw himself out of the way of a couple of nail kegs directly beneath the scaffold. How he escaped more serious injury is more than he himself can fathom.

LEADER OF ALLEN GANG MUST PAY PENATYY OF DEATH SAYS THE JURY

Floyd Allen Is Found Guilty of Murder and Jury Says He Must Be Electrocuted — Jury Was Out Many Hours While Some Fought For Giving the Man a Lighter Penalty.

Allen Is Moved As He Hears Jury's Foreman Read the Verdict — Prosecuting Lawyers Now Believe That They Will Secure Convictions In The Trials of Victor and Claude Swanso n Allen.

WYTHEVILLE, VA., May 17.—Floyd Allen, leader of the Carroll county gang which shot up the court at Hillsville on March 14, causing the death of five persons, was today found guilty of murder in the first degree. The verdict of the jury carried with it a penalty of death and he will be electrocuted.

The jury retired at 12:45 o'clock yesterday afternoon and the verdict of first degree murder was reached only after many hours of deliberation in which some of the jurors stood out for a lesser penalty.

Floyd Allen was placed on trial on April 30 for the tragic court house fight in which Judge Massie, Prosecutor Foster and Sheriff Webb were killed. Two other persons died subsequently of their wounds.

The courtroom was crowded with spectators at the opening of court today and, in anticipation of a verdict, extra precautions had been taken by the court attendants to prevent any outbreak. When word was taken from the jury room to judge Staples that the jury had reached a verdict and was ready to report a thrill of expectancy ran through the crowd.

Allen, the prisoner at the bar, watched with a sort of grim curiosity the members of the jury as they filed into their seats. The set look in the jurors faces indicated that they had come to a serious conclusion. Allen scanned each juryman as he settled into his seat, then waited for the foreman to read the verdict.

Town folk and mountaineers sat in their seats with craned necks, their attention divided between the stoical prisoner and the twelve men who had passed upon his fate.

The lawyers at the counsel table fingered their papers uneasily.

"Gentlemen, have you arrived at a verdict?" asked the judge.

"We have," solemnly answered the foreman, arising in his seat.

Allen leaned forward to hear every word. As the foreman read the pronouncement of the jury Allen leaned forward still further in his chair and a wave of white passed quickly over the tan of his rugged and weather-beaten features.

The verdict returned today made the state lawyers confident that they would also secure convictions in the trial of Victor and Claude Swanson Allen, selected as the next to be tried. Both are sons of Floyd Allen and were captured in the mountains after they fled from the Carroll county court house.

Bott & Pauley Thursday morning shot a well on the Sam Hamilton farm near the Six Mile dam which today is estimated to be good for 24 barrels per day.

It is one of the testers put down in the field by a company of Pittsburg capitalists. Excitement is growing in intensity in the section and it is announced Friday that other wells will be sunk in that section of the country immediately.

Already Bott & Pauley, drillers employed by the Pittsburg capitalists who hold leases on most of the land in that part of the county, have made a location just a quarter of a mile due south of the well shot yesterday.

The new well is said to be a good one, the quality of the oil excellent and the flow of oil steady and strong. The second location made today is on the Hamilton farm.

TO MAKE EXAMPLES OF VIOLATORS OF THE LAW

Occasionally a dealer in food products in this state is found who persistently violates the weights and measures laws, and who insists that he will sell by measure or in any manner that pleases him, no matter what the wishes of the purchaser are. State Dairy and Food Commissioner Strode is determined to make examples in such cases, whenever they are brought to his knowledge.

A dealer at Zanesville had occasion last week to change his mind when he was arrested and fined on two charges made against him by Chief Inspector of Weights and Measures Albrecht of Commissioner Strode's department.

This dealer's name was P. O. Power and he had been notified several times by city and county weights and measures officials that he was selling food products in violation of law. He arrogantly insisted that the law was of no force or effect and challenged the officials to prosecute him

Deputy Sealer Rodney of Muskingum county reported the following facts to the state department last week:

Oscar Morgan, bookkeeper for the Zanesville Gas company, purchased a peck of sweet potatoes of P. O. Power and insisted on having them weighed, demanding twelve and one-half pounds, as required by law. Mr. Power laughed and said the law was a joke, reported Mr. Roney. The dealer said Mr. Morgan could take the measure of potatoes for a peck or leave them alone, just as he chose. Mr. Morgan was angered and took the potatoes and paid for them. He had them weighed at different stores, and in each instance they weighed but ten and one-half pounds Mr Morgan then reported the facts to the county sealer, who communicated with the state department.

Power was again notified to sell his products according to law and was again informed what the law required of him. He still insisted that he would be a law unto himself

Deputy State Sealer Albrecht then went to Zanesville and made two purchases of Power and both were illegal sales. Two affidavits were filed against Power, one charging him with knowingly selling a short-weight peck of Irish potatoes, and the other charging him with selling a half-peck of sweet potatoes by measurement instead of by weight Warrants were issued and when Power was brought before Mayor Schofield he had mellowed down considerably. He pleaded guilty to both charges and paid a fine of $10 and costs in each case

The weights and measures law is not a dead letter, and if purchasers everywhere will follow the example of Mr. Morgan by asking for definite quantities and report all violations of the law to the county auditor or city sealer, it will not be long until purchasers will receive what they pay for. State Sealer Strode will do everything in his power to enforce the law and the purchasing public can be of great assistance if they will insist on receiving full legal weight.

Most Wonderful Temple.

Sometimes the temple of the god Ammon, at Karnak, is spoken of as the most wonderful architectural work ever designed by the hands of man It at least indicates the old Egyptians were well advanced in civilization.

DENMARK'S KING TAKEN BACK HOME

Danish Cannon Boom Salute To Memory Of Late Ruler

Copenhagen, Denmark May 17—In a heavy downpour of rain which drove in sheets from the darkened and sombre skies the body of King Frederick VIII was brought back to his native land today The mournful booming of minute guns from Fort Sixtus at the harbor mouth announced the arrival of the Danish ship Dannebrog, which accompanied by warships, ploughed through the bay with her dripping colors half masted. The arrival of the remains of the king was the signal for a fresh outburst of grief.

Ignoring the rain, which was driven by a cold wind, hundreds of men and women gathered at the government quay and stood in silence as the funeral ship warped into the pier.

The Dannebrog, convoyed from Hamburg by a Danish battleship, arrived in Kjoge bay, 25 miles south of the capital city this morning. There it was met by the newly crowned Danish King, Christian X., accompanied by Queen Alexandria, and King Haakon, of Norway, a son of the late Frederick, on board the battleship Absolon, which had steamed south early in the day to meet the Dannebrog and her escort

Through streets lined with waiting thousands, Frederick's body was born from the funeral ship on its arrival here in a hearse drawn by six horses to the Chapel of Christianborg castle where it will rest in state until the funeral one week from today

Wrapped in mourning cloth, the oaken aand steel casket containing the mortal remains of the monarch was carried from the Dannebrog by six Danish sailors.

The funeral procession lay through the principal streets of the city, all of which were lined with soldiers, who stood with grounded arms while the hearse passed by The affection which the Danish people bore for their late king was reflected in the grief which was shown in the faces of civilians and soldiers alike

Dowager Queen Louise and the other members of the Royal party were conveyed to the castle in closed carriages which followed the hearse

Since the year of 1095 when King Erik Eiegod died in Cyprus, no Danish king has died outside of his own land until Frederick's death in Germany

Frederick's funeral will be marked by simplicity in accord with the late ruler's wishes. The customary memorial wreaths of gold and silver will be omitted Dowager Queen Louise is still suffering from the shock of her husband's sudden and tragic death and continues under the care of physicians

TAFT, OHIO'S CANDIDATE, WINS!

He Is Sure of the Republican Nomination For President

In other words, if Roosevelt elected every remaining delegate he would not have enough to nominate.

Taft has already carried the Republican states of New York, Massachusetts, Michigan, Indiana, Iowa, Colorado, Connecticut, Delaware, New Hampshire, New Mexico, Rhode Island, Wyoming and Vermont.

He will have a majority of the delegates at Chicago from the North, South, East and West.

His present strength lies in 35 States and Territories; Roosevelt's in only 17.

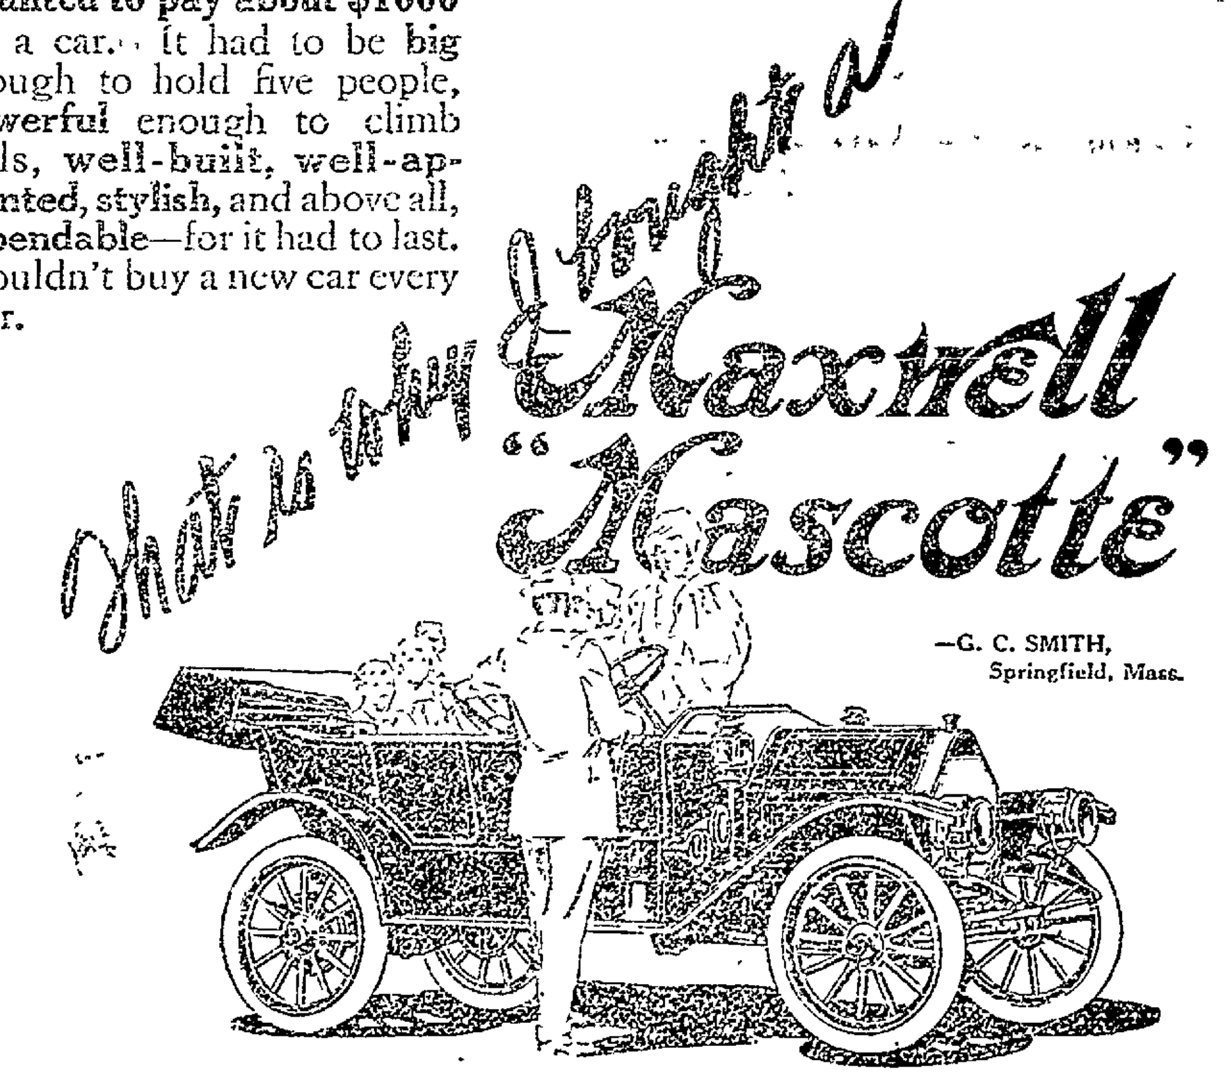
Roosevelt's alleged strength on his own claims lies NOT IN INSTRUCTED OR PLEDGED DELEGATES, but in UNINSTRUCTED OR CONTESTED DELEGATES.

The claim of the Roosevelt managers of the Uninstructed Delegates is an exploded MYTH. They are ALL TAFT MEN. William Barnes of New York, Chairman of the Republican State Committee, says:

"THERE IS NO DOUBT THAT THE VOTE OF NEW YORK STANDS 83 FOR TAFT, and 7 for Roosevelt."

PRESIDENT TAFT ENTITLED TO RENOMINATION---BECAUSE

1. He has passed more LABOR LEGISLATION than any other President.
2. He is the friend of the OLD SOLDIER, as evidenced by the recent approval of the Pension Bill passed by Congress.
3. He has PROSECUTED more TRUSTS than any other President.
4. He stands for SCIENTIFIC REVISION of the tariff downward by the Tariff Board method, with due regard to the PRINCIPLE OF PROTECTION. The insurgent Republicans in Congress voted for the Wool Bill reported by the Tariff Board.
5. He stands for WORLD WIDE PEACE.
6. He favors practical CONSERVATION and has written CONSERVATION LAWS on the Statute Books of the Nation.
7. The new Labor Laws and the Children's Bureau Law are evidence of Taft's regard for HUMAN CONSERVATION.
8. Every President since Lincoln has been an OHIO PRESIDENT except Cleveland and Roosevelt, who came from New York.



That's why I bought a
Maxwell
"Mascotte"

"I wanted to pay about $1000 for a car. It had to be big enough to hold five people, powerful enough to climb hills, well-built, well-appointed, stylish, and above all, dependable—for it had to last. I couldn't buy a new car every year.

—G. C. SMITH,
Springfield, Mass.

AT the big National Motor Shows, where values were carefully compared by everyone looking for a moderate-priced car, the "Mascotte" was undoubtedly the leader. Come and see the "Mascotte" and you'll approve the public's judgment.

It is big enough, powerful enough and the most stylish, low-priced car shown. Indeed, it compared favorably with any car at the Shows. We only ask you to judge the style and finish for yourself.

It's well built, like all Maxwells. If they weren't well built, there wouldn't be 51,000 of them in use. Doctors, who demand constant, unfailing service, drive 17,000 Maxwell cars. None but a dependable car could meet this test—and an economical car to run as well.

$980 buys

And it will last as long as the most expensive cars made. This is proved by State registrations in New York, where last year 91 per cent of the 1905 Maxwells were again registered after seven years' continuous service. No car at any price has an equal record.

Fore-door, [illegible], five passenger body. A 25 horse-power, four cylinder motor. Dual ignition, sliding gear transmission, multiple disc clutch, shaft drive, semi floating rear axle. Irreversible steering gear, double acting brakes. Long resilient imported steel springs. 32 inch wheels and 103 inch wheelbase. Finish [illegible] blue-black with gray wheels, upholstered and appointed with every provision for comfort. Equipped with magneto, generator, two gas lamps, three oil lamps, horn, tool kit, jack, pump, tire repair kit, foot and robe rails. Price, $980 f. o. b. factory, top extra.

Other models from $600 to $1480, including self-starting, fully-equipped duplicate of the Glidden Tour Winner.

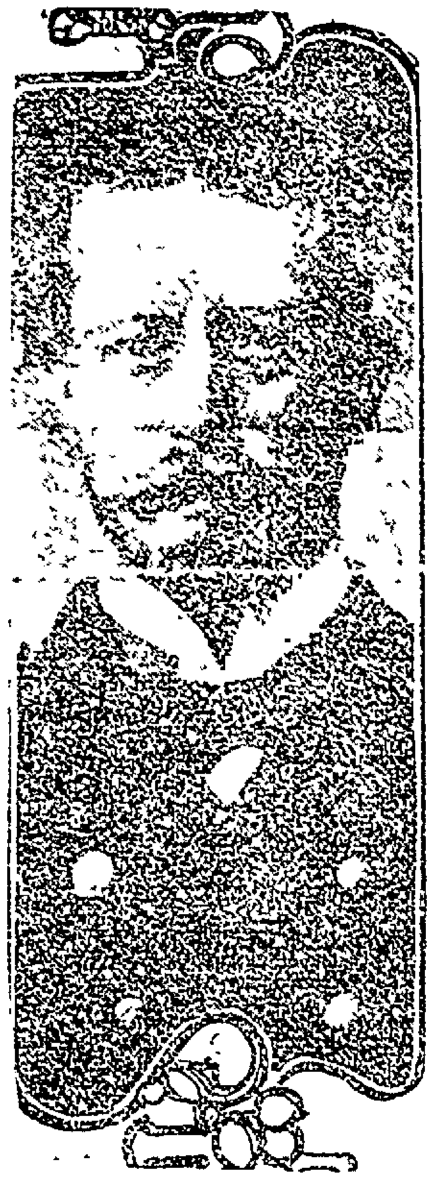
Prince Henry of Russia



Considerable excitement has been stirred up along the French frontier because of extensive manoeuvering of a German military aeroplane squadron, under the command of Prince Henry of Prussia.

These mysterious manoeuvers, which seem to be in the nature of a scouting expedition, have aroused considerable discussion in diplomatic circles, and it is generally believed that the incident will intensify the somewhat strained relations between the two nations.

THINK MAN IS ROY SUMMERS

Demented Man Arrested in Abion, Ind., Knows Sheriff McDonald

Sheriff McDonald Friday received a telegram from the sheriff in Albion, Ind., asking if he knew a man whose name is thought to be Steiner or Forrester. The man, supposedly demented, was picked up on the streets of Albion Thursday evening and he said he knew Sheriff McDonald of Coshocton county. Sheriff McDonald immediately sent back a wire that the man probably was Roy Summers, formerly an inmate of the Massillon state hospital for the insane who went to Indiana several months ago to work.

Handy Book Marker.

Nothing hurts a book more, especially a new book, than laying it down open to keep the place. Instead of doing that, if you are liable to interruption in your reading get a stout rubber band and cover it with ribbon, gathered full enough to permit the band's stretching. Then when you need to lay it down it takes hardly a second to stretch the band and slip beneath it the pages read. Upon taking it up again you find your place automatically, moreover, the book mark cannot get lost. Take care to have the band strong enough to hold and big enough not to mar the end of the cover.

Sir Walter's Good Fortune.

Sir Walter Raleigh had called to take a cup of tea with Queen Elizabeth.

"It was very good of you, Sir Walter," said her majesty, smiling sweetly upon the gallant knight, "to ruin your cloak the other day so that my feet should not be wet by that horrid puddle. May I not instruct my lord high treasurer to reimburse you for it?"

"Don't mention it, your majesty," replied Raleigh. "It only cost two and six and I have already sold it to an American collector for £8,000."—Lippincott's.

THE WAGE OF SIN

Over at Columbus there is another striking illustration of the wages of sin being death. There died last night a married man, head of a family, who was shot by a young girl whom he had wronged. The girl having taken the first downward step, now faces a charge of first degree murder. One crime links into another, step by step, like a chain—and a chain that cannot be broken. There is a sermon in every such black event. Avoid the first downward step; the second step is easier than the first and the third easier than the second. And the end is inevitable. Two homes are shattered; others suffer besides the prime actors in the case. And society is again shocked. Such events have a far reaching bad effect, but they carry a strong moral with them, that should have no difficulty in percolating its way home.

:-:

THE SUFFRAGE CAMPAIGN

The "votes for women" campaign is soon to strike Coshocton. A respectful hearing will be accorded its exponents even by those who do not believe in the doctrine. It is understood that the women who are to speak here—and it is planned to have several speeches at different times, it is said—are women of high culture and refinement, enthusiastic in their plea for "equal rights." The campaign will be something new and novel for this community.

:-:

The Rev. Mr. Richeson has not been adjudged insane and must pay the penalty for the brutal murder of Ava Linnell, the girl who trusted him. He merits no better fate.

:-:

While Mr. Bryan is making caustic remarks about Mr. Harmon, we cannot but remember that Bryan lost this state three times and Harmon carried it twice.

And you will know why you should wear them

If our stocks were no larger than others show—if our goods were no more desirable—if our prices were no lower—if we took no greater interest in our customers—if our satisfaction guarantee were no broader—we would have no excuse for asking any man to buy his clothes here in preference to other places.

It is because we do offer more than is to be had elsewhere that so many men who know values and have a pretty clear conception of the worth of a dollar have become enthusiastic boosters for this live stock.

We have spoken many times of how it is possible for us to give you more for your money than you have been in the habit of getting—how our position among the largest spot cash buyers of good clothing brings us many advantages unknown to the majority of dealers in our line and how the large business we enjoy operates in your favor.

There is another factor which enters into the conduct of this business. It is a very personal one. AMBITION. We place it far above mere money making. Our ambition is to build up the biggest clothing business this city has ever known. But we appreciate that we can never do this without the hearty support of the public—granted only because we deserve it through sheer merit in merchandise, fair and square dealing and greater value giving.

Come here today or tomorrow, or any day. See this modern store, the large stock of good clothes and furnishings, the low prices at which they are selling and then—BUY WHERE YOU PLEASE.

WE WILL CLOTHE YOU BETTER.

Up in Findlay the accusation is made and most emphatically denied that Theodorse Roosevelt was tipsy when he left that city after making a speech Wednesday afternoon. Great Scott! If they get a wet and dry fight tangled up in this campaign, what a sizzler she will be!

:-:

William Prendergast who made the Roosevelt speech here Monday night, is to present the name of Col. Roosevelt to the Chicago convention. If he continues the use of long pauses, and arouses no more enthusiasm than he did in his Coshocton speech, Teddy's goose is cooked.

:-:

The latest is Mr. Roosevelt's defense of Walter Brown. He says that Mr. Brown is not a boss, but one of the best friends the people ever had. Rah for Walter; wonder if he himself believes it?

Sam Lamberson more than met the expectations of his many friends at the opera house Friday evening. The concert was without question among the most pleasing musical events Coshocton has ever experienced.

Council met Friday night for the purpose of adopting the Cambridge-Walnut board of equalization report. The report was adopted after a long and spirited argument.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mr. Ed. Gilbert, Miamisburg, Ohio, and Mrs. Margaret M. Brown, Springfield, Ohio, say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Thursday night at 8 o'clock at the home of the brides mother Mrs. Christine Shannon on Northview avenue was performed the ceremony uniting in marriage Miss Faith Shannon and Raymond Trego, son of Mr. and Mrs. Henry Trego of Tunnel Hill. The wedding was indeed a pretty affair witnessed by only the relatives of the contracting parties. The house was beautiful with its decorations of ferns, sweet peas and violets and in the parlor where the ceremony took place was an arch of vines and blossoms.

The bride coming first with her maid of honor Miss Laula Purdy followed by the groom and best man. Clifford Miller, were met at the alter by Rev. Brewer, the officiating clergyman, and the ring ceremony was performed. The bride looked very attractive in a gown of white batiste with a profusion of val lace trimmings and carried lilies of the valley. The bridesmaid's gown was of pink organdy and she carried pink carnations.

Following the ceremony the guests were invited to the dining room where a delicious wedding supper was served. At the bride's table, were seated, besides the bridal party, [illegible]s. SOCIETY AT THE TITANIC INQUIRY

London, May 17—The government's Titanic inquiry was made the occasion for a society gathering today in expectation of sensational developments relative to the part which Sir Cosmo Duff Gordon and his wife, Lady Duff Gordon, played in the great ocean tragedy.

Although neither Sir Cosmo or Lady Duff Gordon was present, being represented by counsel, the throng of society lights who thronged Scottish drill hall were rewarded as the investigation turned to this phase of the disaster immediately after the sittings were resumed

Charles Hendrickson, a fireman on the Titanic, who was one of the crew which manned life boat No 1, in which the Duff Gordons were passengers, and who had testified that, despite the fact that the life boat was only partially filled, Lady Duff Gordon prevented him from returning to the scene of the disaster to pick up men and women who were struggling in the water, was again called to the stand Hendrickson had also testified that he, as well as the other seamen manning the boat, had been rewarded with a five pound note ($25) by Sir Cosmo

Hendrickson was recalled by Barrister Henry E Duke of counsel for the Duff Gordons He stuck to his previous story and was unshaken by cross examination

The fireman swore that, although his lifeboat was only a few hundred yards away from the spot where the Titanic plunged to the bottom, the seamen were persuaded to row away from the scene

Those in the boat could see men and women struggling in the water but Lady Duff Gordon insisted that the boat would be swamped if they returned to the scene he said, and she was seconded in this declaration by her husband Steeling their hearts to the scenes of suffering and cries of grief behind them the seamen pulled away with their partially filled lifeboat leaving the victims idn the water to sink to their death

"If we go back we will be swamped," was the declaration made over and over by Lady Duff Gordon, according to the witness

This was the first day that the spectators gallery has been filled. Among the early arrivals was Mrs Asquith, wife of Premier Asquith The spectators included many brilliantly gowned women, whose names are conspicuous in society They listened with keenest interest to the testimony, especially that relating to the Duff Gordons, and regarded Fireman Hendrickson curiously through gold mounted lorgnettes

Before testimony taking began, permission was asked for the Duff Gordons to be represented by counsel In granting the request Lord Mersey, the presiding judge said that he believed that it was a reasonable petition because evidence might be introduced casting reflections upon Sir Cosmo and his wife

Just before noon a wave of excitement swept over the court room when Sir Cosmo and Lady Duff Gordon unexpectedly entered Every eye was upon them as they made their way through the crowded aisle to the counsel table where seats were provided for them They were just in time to hear Mr. Duke ask Hendrickson:

When you received your five pounds from Sir Cosmo did you believe everybody on board the boat had done his duty?"

"Well to a certain extent," replied the witness.

"You do?" asked Lord Mersey in surprise.

"No, I don't believe they did" amended Hendrickson.

TOMAHAWK MAKES ITS INITIAL BOW

The Tomahawk, the high school year book, which this year is the work of the senior class, was placed on sale Friday afternoon immediately after school at the high school building and at several of the drug stores down town.

The book which graphically portrays the activities of the high school reflects much credit on the editorial board and Principal Pence, who were responsible for the publishing of the book These people have worked untiringly and unselfishly for many months to make the book a success, and the reward of their labors has been reaped in the magnificent little book which was put on sale this afternoon Every line contained within the publication was written, set up and printed by the high school students The only aid received from the outside was the making of the cuts, which of course the students could not do themselves The book was printed on the small hand press which is located in the basement of the high school building.

The cover of the book is made of heavy brown paper with the word Tomahawk' printed across the front cover Within the book is to be found all of the interesting things which go to make up the activities of a high school Class histories, class prophesies, class rolls, picture of the different classes and individual cuts of the members of the senior class are all contained within the covers of the little book. Beside these things are found many other interesting articles and pictures the anticipation of which would be destroyed if they were all told about and described before one had read the book.

The books are on sale now at all of the down town drug stores for 75 cents.

The following is the editorial board of the Tomahawk:

Editor-in-chief, Ruth Hay.

Business manager, Milo Bretzius.

Assistant business managers, Clinton Beale and Paul Webner.

Assistant editors: Helen McMannis, Mary Abbott and Jesse Conrad.

Art editors: Margaret Platt, Paul Shepler and Lucille Hunter.

The Adventures of AVERAGE JONES
Gentleman Detective
By SAMUEL HOPKINS ADAMS

COPYRIGHT 1911. THE BOBBS-MERRILL COMPANY.

"The B-Flat Trombone"

(Continued from Last Issue)

"Would you like to hire another B-flat trombonist?" pursued the young man.

"Who are you?" gasped the other. "What do you want?"

"I want t know," drawled Average Jones, "how-er-you planted the glass bulb-er-the sulphuricacid bulb, you know-in the chair that you sent-er-to the Honorable William Linder, so that-er-it wouldn't be shattered by anything but the middle C note of a trombone?"

The man sat down weakly and bowed his face in his hands. Presently he looked up.

"I don't care," he said, "Come inside."

At the end of an hour's talk Arbuthnot, alias Ransom, agreed to everything that Average Jones proposed.

"Mind you," he said, "I don't promise I won't kill him later. But meantime it'll be some satisfactoin to put him down and out politically. You can find me here any time you want me. You say you'll see Linder to-morrow?"

"To-morrow," said Average Jones. "Look in the next day's papers for the result."

Sitting his telephone receiver down the Honorable William Linder lost himself in conjecture. He had just given an appointment to a triad and true, but quite impersonal enemy, Mr. Horace Waldemar.

"What can Waldemar want of me?" ran his thoughts. "And who is his friend, Jones, that he's bringing? Jones? Jones? Jones?!" He tried it in three different accents, without extracting any particular meaning therefrom. "Nothing much in the political game," he decided.

It was with a mingling of gruffness and dignity that he greeted Mr. Waldemar an hour later. The introduction to Average Jones he acknowledged with a curt nod.

"Want a job for this young man, Waldemar?" he grunted.

"Not at present, thank you," retrned the news-paper owner. "Mr. Jones has a few arguments to present to you-"

"What kind of arguments?"

"Political arguments. Mayoralty, to be specific. To be more specific still, arguments showing why you should drop out of the race."

"A pin-feather reformer, eh?"

The politician turned to meet Avergae Jones' steady gaze and mildly inquiring smile.

"Do you-er-know anything of submarine mines, Mr. Linder?" drawled the visitor.

"Huh?" returned the Honorable William Linder, startled.

"Submarine mines," exclaimed the other. "Mines—in—the—sea, if you wish words of one syllable."

The lids of the Honorable Linder contracted.

"You're in the wrong joint," he said, "this ain't the Naval College."

"Thank you. A submarine mine is a very ingenious affair. I've recently been reading somewhat extensively on the subject. The main charge is some high explosive, usually of the dynamite type. Above it is a small jar of sulphuric acid. Teeth, working on levers, surround this jar. The levers project outside the mine. When a ship strikes the mine, one or more of the levers are pressed in. The teeth crush the jar. The sulphuric acid drops upon the main charge and explodes it. Do you follow me?"

"I'll follow you as far as the front door," said the politician balefully. He rose.

"If the charge were in a chair, in the cushion of an easy chair, we'll say, on the third floor of a house in Brooklyn—"

The Honorable William Linder sat down again. He sat heavily.

"—the problem would be somewhat different. Of course, it would be easy to arrange that the first person to sit down in the chair would, by his own weight, blow himself up. But the first person might not be the right person, you know. Do you still follow me?"

The Honorable William Linder made a remark like a fish.

"Now, we have, if you will forgive my professorial method," continued Average Jones, "a chair sent to a gentleman of prominence from an anonymous source. In this chair is a charge of high explosive and above it a glass bulb containing sulphuric acid. The bulb, we will assume, is so safeguarded as to resist any ordinary shock of moving. But when this gentleman, sitting at ease in his chair, is noticed by a trombonist, placed for that purpose in the street, below—"

"The Dutch horn-player!" cried the politician. "Then it was him; and I'll—"

"Only an innocent tool," interrupted Average Jones, in his turn. "He had no comprehension of what he was doing. He didn't understand that the vibration from his trombone on one particular note of the slide up the scale—as in the chorus of Egypt —would shiver that glass and set off the charge.

All that he knew was to play the B-flat trombone and take his pay."

"His pay?" The question leaped to the politician's lips. "Who paid him?"

"A—man—named—er—Arbuthnot," drawled Average Jones.

Linder's eyes did not drop, but a film seemed to be drawn over them.

"You once knew—er—a Mrs. Arbuthnot?"

The thick shoulders quivered a little.

"Her husband—her widower—is in Brooklyn. Shall I push the argument any further to convince you that you'd better drop out of the mayoralty race?"

Linder recovered himself a little. "What kind of a game are you ringing in on me?" he demanded.

"Don't you think," suggested Average Jones sweetly, "that considered as news, this—"

Linder caught the word out of his mouth. "News!" he roared. "A fake story ten years old, news? That ain't news! It's spite work. Even your dirty paper, Waldemar, wouldn't rake that kind of muck up after ten years. It'd be a boomerang. You'll have to put up a stronger line of blackmail and bluff than that."

"Blackmail is perhaps the correct word technically," admitted the newspaper owner, "but bluff—there you go wrong. You've forgotten one thing: that Arbuthnot's arrest and confession would make the whole story news. We stand ready to arrest Arbuthnot, and he stands ready to confess."

There was a long, tense minute of silence. Then—

"What do you want?" The straight-to-the-point question was an admission of defeat.

"Your announcement of withdrawal. I'd rather print that than the Arbuthnot story."

There was a long silence. Finally the Honorable William Linder dropped his hand on the table, palm up.

"You win," he declared curtly. "But you'll give me the benefit, in the announcement, of bad health caused by the shock of the explosion, to explain my quitting, Waldemar?"

"It will certainly make it more plausible," assented the newspaper owner with a smile.

Linder turned on Average Jones.

"Did you dope this out, young fellow?" he demanded.

"Yes."

"Well, you've put me in the Down-and-Out-Club, all right. And I'm just curious enough to want to know how you did it."

"By abstaining," returned Average Jones cryptically, "from the best wine that ever came out of the Cosmic Club cellar."

(THE END)

The next is the series of Average Jones' interesting deductions will be the story of "The Red Dots." It will begin tomorrow. Watch for it.

Clean Your Rugs and Carpets With

20 MULE TEAM BORAX SOAP CHIPS

How To Clean Your Rugs and Carpets

The rule we give below is applicable to the finest Oriental rug and to the cheapest ingrain carpet.

PREPARE A PASTE OF 20 MULE-TEAM BORAX SOAP CHIPS made by dissolving a ten cent package in four quarts of water kept nearly but not quite at boiling point for fifteen minutes. When cool it will be like jelly. This is sufficient for a nine by twelve rug. Place the paste in a pan or pail large enough to receive an ordinary scrubbing brush.

Proceed as Follows:

First sweep the rug thoroughly clean. Begin work at the corner farthest from the door. With a spoon or by hand spread 20 Mule-Team Borax Soap Chips paste over the surface of the rug covering not more than a square yard at a time. Scrub vigorously with a fairly stiff scrubbing brush. Scrape up the paste with a zinc scraper or heavily galvanized iron filed smooth on the edges. This zinc or galvanized iron should be about 12 inches long and 4 inches wide, with all edges filed smooth. Wipe thoroughly with a cloth wrung out of clean water. Work with the nap, never against it.

Proceed in this fashion section by section until the entire rug or carpet has been cleaned. It is well to have doors and windows wide open so that the rug may dry quickly. Do not replace furniture or walk on the rug until it is dry. Keep the cleansing water in which the rag is rinsed renewed as often as it becomes dirty. The water should be luke warm. Follow these simple directions and your carpets and rugs will be as clean and bright as new. The colors will be brightened and improved. The fabric will not be injured.

ORDER FROM YOUR DEALER

GERM LADEN DUST CAUSES CATARRH

Ely's Cream Balm Kills the Deadly Catarrh Germs. No Stomach Dosing.

Catarrh, which is bad enough in itself, often results in loss of taste, smell and hearing, and leads to serious throat and lung troubles if not promptly checked. The seat of catarrh is usually in the back of the nose, and its natural course is downward, into the throat and thence to the lungs.

Don't take any chances. If you have any symptoms of catarrh—stuffed up feeling in the head, nasty discharge from the nose, sore throat, or dry, hacking cough, get a fifty cent bottle of Ely's Cream Balm from your druggist, and begin the treatment at once.

This remedy is not a "burning out" or "drying up" process. It is simply a cleansing, healing, antiseptic Balm, taken through the nostrils back into the head and throat where it instantly reaches the seat of the trouble. That's the only way to effectually and permanently cure catarrh.

Catarrh makes you offensive to yourself and friends. Start using Ely's Cream Balm to-day, and in a short time you will be permanently cured of this nasty, disgusting disease.

THE GEM

Sightless Life Not Joyless

Enthusiastic Audience Hears Lecture On the Schooling of the State's Blind, At Library.

A fair sized audience of women and a few men heard the lecture delivered at the library last night by Chas. F. F. Campbell chairman of the State blind commission. The audience made up in enthusiasm what it lacked in size. Mr. Campbell captivated his hearers from the very beginning and held them intensely interested to the end. He first told of the work done in the blind school, deploring the fact that the school was called an asylum, as in the minds of many of us this places the blind child in the same class as an idiot or imbecile and consequently to be treated as such, while in fact there are among the blind some of the brightest of minds and in many instances where they have been educated side by side with children having their sight they have surpassed every other pupil in the class. Mr. Campbell says that the things done by the blind are not wonderful as they seem to so many of us to be but are simply the result of developing another sense, namely that of touch, in place of sight. He believes that blind children should be taught every thing just as other children are and should enjoy the sports as well as school lessons and in the Columbus school they are taught to roller-skate, swim, dance, etc.

He next told of work among the adult blind or those not elibigle to the school. It was in order to aid these that the blind commission was formed. These people are taught to make useful household articles the commission furnishing the material for them at wholesale price and buying the finished article back at retail price. It is Mr. Campbell's desire to establish an agency here for the articles, and though no definite decision was made last night it is quite probable that one of the clubs will take the matter in charge in the fall.

Mr. Campbell made the statement that there are five thousand blind persons in the state of Ohio. He dwelt particularly upon infantile blindness, saying that in ninety-nine cases out of a hundred, where the child lost its sight in infancy and consequently remained blind all its life, the sight could have been saved by the proper treatment at the right time.

The lecture last night given under the direction of the city Federation of Woman's Clubs was the first of a series which they expect to give and doubtless those following will be just as instructive and as well worth hearing as the one last night.

RICHESON IS NOT INSANE

Boston, May 17.—Clarence V. T. Richeson's last hope of escaping the death chair next week for the murder of Avis Linnell of Hyannis expired last night, when Governor Foss announced that he would not refer Richeson's petition for commutation of sentence to the executive council.

The statement from the governor followed closely the filing of the reports of the special insanity commission, which declared the condemned man sane, although subject to fits of hysterical insanity. The commission found that Richeson was sane at the time of the murder and that he is sane at present.

ONE NEW BISHOP NAMED

Minneapolis, Minn., May 17—Election of the remaining seven of the eight bishops authorized by the general conference of the Methodists was expected to take up most of the time of the session today. At the opening of the morning session the second ballot, taken after the electon of Rev. Homer C. Stuntz, D. D., on the first ballot yesterday was to be opened and the result announced. It was believed that several ballots would be required before the eight men were named.

LOS ANGELES BITTER ON UNION LABOR

Los Angeles, Cal., May 17.— The bitter feeling that is the outgrowth of the fight between the Merchants and Manufacturers Association and Union labor here was reflected in the trial of Clarence Darrow for bribery when court resumed today. The desperate fight of the defense to keep Homer Laughlin, jr., son of a local capitalist and member of the Merchants and Manufacturers Association off the jury. Laughlin was grilled for four hours yesterday and when court adjourned Rogers was not satisfied, although he had striven desperately to find grounds for a challenge for cause.

"Do you mean to say that if you were in this defendant's place you would be willing to trust your fate in the hands of a man with your opinion of union labor?" Rogers demanded.

"I do," calmly replied Laughlin.

The lengthy examination of Laughlin has delayed the selection of the jury but attorneys on both sides were still confident that the task would be completed before the end of the week.

There will probably be no session tomorrow, unless the jury is not completed today. In that case a Saturday morning session will probably be held

BIRDMAN WRIGHT HAS TYPHOID

Dayton, Ohio, May 17—Wilber Wright, famous aeroplane builder and aviator, who has been slightly ill for ten days, has developed typhoid fever, according to a bulletin from Dr. D. B. Conklin, his attending physician. Dr. Conklin stated, however, that there is no cause for alarm.

DON'T STARVE YOURSELF

In an Effort to Cure Stomach Trouble.

It Is Better to Tone up the Stomach and Eat What You Want.

If you have indigestion, gas on the stomach, sour stomach, acid stomach, belching or heartburn; if you cannot eat substantial, nourishing food without distress, your stomach is weak. As a great deal of your comfort, happiness and success depends on a good digestion, you want to be able to eat anything your appetite craves. Don't try to get relief by cutting down your diet to a starvation basis but strengthen your stomach until you can eat good, nourishing food. What you want is a better digestion, not a poorer diet.

Mr. Schriver Simms, of Triadelphia, W. Va., says: "I can recommend Dr. Williams' Pink Pills to sufferers from stomach trouble because they cured me after I had failed to get relief from the doctors. I began to suffer from indigestion several years ago. I think the trouble was caused by overwork and irregular hours for eating. I had to be very careful about what I ate as anything but the lightest foods would upset my stomach. Gas formed on my stomach, causing me to feel bloated. My blood was in bad shape and my face was broken out. I tried several kinds of medicines and took treatment from several doctors but failed to get well. Finally I was induced to try Dr. Williams' Pink Pills by a druggist and had not taken more than two boxes before I could see they were helping me. I took the pills steadily for several weeks when my stomach was in better condition than it had been for a long time. I can now eat nearly anything I want to and feel no distress. I gained over nine pounds in weight and feel better than I have in years."

The value of the tonic treatment with Dr. Williams' Pink Pills is shown by the thousands of cures the pills have made in the various forms of stomach trouble, as acid stomach, nervous dyspepsia, neuralgia of the stomach, gastritis and catarrh of the stomach.

A booklet, "What to Eat and How to Eat," giving valuable information will be sent free upon request.

Consumption Often Develops From Pneumonia

Consumption readily attacks those who have had Pneumonia. Many sufferers from Tuberculosis give a history of having had Pneumonia. The lungs thus weakened are more easily attacked by the germs that cause Consumption.

For all those with "weak lungs," especially those who have had Pneumonia, Eckman's Alterative is the appropriate remedy. Cures of Consumption are accomplished by Eckman's Alterative. But take it in time. There is no wisdom in waiting until Tuberculosis is established. Health is never fully valued until sickness comes. A remarkable recovery follows: 236 N. 41st St., Phila., Pa.

"Gentlemen: I wish I had known of Eckman's Alterative two years ago. Since taking it, following a bad attack of Pneumonia, I have gained twenty-eight pounds, and I cannot but be very thankful to you and the Almighty God for the great blessing and change of health it has brought me."

(Signed Affidavit) THOMAS REILLY.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and

Sacrilegious Cat.

The Chinese world of Philadelphia is searching for a large Maltese cat which had the temerity the other day to steal a nice chicken which had been placed before the sacred joss. There was almost a riot when the guardian of the joss discovered the loss, but this turned to dismay later, when the cat was seen crawling over the roof adjoining the joss house with a good portion of the chicken in her mouth. There was a chase, but the cat was too nimble. Now the joss must go hungry.

DEAFNESS CANNOT BE CURED
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Ventilate the Chicken House.

Chickens breathe 8,278 cubic feet of air in 24 hours for every 1,000 pounds of live weight, while men require only 2,833 cubic feet and cattle but 2,804. Hence for poultry ventilation is a matter of first importance.

WEST TWIRLING FOR COLLEGE

Pitcher West, who several years ago was a member of the Coshocton professional baseball team and was a mainstay of the pitching staff, is now one of the twirlers of the Muskingum college nine. In a game Thursday against the University of Pittsburg team Muskingum college was victorious, and the greater part of the victory was credited to West, who held the Pittsburg ball tossers at his mercy throughout the contest.

West will be remembered by local fans as a good left handed pitcher who made good in the league of which Coshocton was a member back in 1903.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Hogs.
Hog supplies today most liberal of week. 2100 head made up the total receipts—quality fair. Local buyers filled up and eastern orders scarce. Trade dull owing to a very limited call. Weighty grades off 5@10c; lights declined 10@25c. Choice pigs about steady—heavy hogs $8.05@8.10. Best mediums were valued at $8.00@8.05. Good heavy yorkers sold at $7.95@8; lights $7.50@7.75. S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside cuticle. These affections are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate net-work of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, acrid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.

HEAVY IRON MASHES FOOT

Son of Chief Mapel Hurt In Western Shop Thursday

Chief of Police John R. Mapel received a telegram Thursday evening from Sedalia, Mo., telling that his son, Ralph, had had his foot crushed in an accident in a railroad shop, when a heavy iron roll fell on the member. He was taken to a hospital in St. Louis and it is thought that the foot can be saved.

Mapel went to Sedalia only two weeks ago with his brother-in-law, Charles Campbell, and took a position in the railroad shops there. His wife expected to follow him later.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are trobuled with a cough give it a trial and become acquainted with its qualities. For sale by all dealers.

THE FATHER OF R. L. DONLEY DIES

One of Coshocton's Oldest Residents Is Called Thursday

Thomas Donley, aged 83 years, one of Coshocton county's oldest residents, died Thursday afternoon at his home in Bedford township, where he lived the greater part of his life. Death was due to the infirmities of old age. With the exception of five years spent in Iowa, Mr. Donley lived all of his life in this county, where he was known as a prominent and influential farmer.

In addition to the wife, Mr. Donley is survived by three sons. They are Judge R. L. Donley, of Cody, Wyo., Herman and Burgess, of Coshocton. The following brothers and sisters are living: Joseph Donley, who lives in this state, Benjamin, of Kansas, John, of Nebraska and Mrs. Malinda Kinney, of Columbus. There is also a sister living in Illinois.

Judge Donley was notified of his father's death by telegram, but will be unable to attend the funeral, owing to the great distance he would have to come.

The funeral will be held Sunday morning at 10 o'clock, with Rev. Barnes, of Warsaw, officiating. Burial will be made in the Bedford cemetery.
